

COMMITMENT TO OUR CLIENTS

Globalwealth Ltd Commodity and Asset Management

Globalwealth delivers innovative tradeflow solutions. Formed in 2009 and based in Amsterdam, the vibrant capital of Europe, Globalwealth is led by an experienced executive team who truly understands the issues and challenges faced by energy companies and the market. At a time of increasing focus on business controls and compliance and against a background of continued cost consciousness, more and more companies are looking to improve critical business processes.

Globalwealth Ltd began in the late 2009 and has grown with the strength of commodities contracts in United State Of America, Europe and Africa, along with more than 10 years experience in the Trading industry and asset management in the public and private sectors as its foundation.

Globalwealth Ltd's main business is in the sourcing of Crude Oil, D2 Gasoil and Jet Fuel. Other products such as Mazut, LPG, LNG, and Natural Gas make up Globalwealth Ltd ample selection of oil products. Cement, Steel, Urea, Gold and Diamonds just add to our portfolio of commodities we can assist you with. In financial services we are actively engaged in Bank Instruments, Project Financing and Currency Exchange contracts.

Globalwealth Ltd focuses on establishing a long-term relationship with potential customers, working on the model of choosing only recognized reliable buyers establishing a repeat consistent business and working on the concept of a win-win business with its associates and clients.
